Whole Woman's Health Statement Regarding Operation Rescue Allegations

0 Like 0 Tweet 0 Share

AUSTIN, Texas, March 1, 2011 /PRNewswire/ -- Whole Woman's Health clinics provide high quality, compassionate abortion care for women.

The simple truth is that these people are determined to take away a woman's right to choose abortion - by any means necessary.

The truth is abortion care in Texas is more highly regulated than most any other medical service. Whole Woman's Health adheres to Texas laws and regulations. We are in compliance with and inspected annually by local, state and federal agencies as well as our national membership organizations.

The truth is the Department of State Health Services responded to these allegations immediately with an on site inspection and determined them to be unfounded.

"If you remember one thing from all of this", said CEO Amy Hagstrom Miller, "remember that Whole Woman's Health clinics offer high quality abortion care. We are respected throughout the State of Texas and nationally as a high quality abortion provider. We are deeply committed to caring for the women of Texas."

If any member of the legitimate press is interested in a tour of our clinic and an interview with Ms. Hagstrom Miller, please call 512-835-6858.
